

## **To be read softly in the child's bedroom:**

(1) I invoke your powers Archangel Gabriel to help me parent my beloved child and provide him the best for his higher good. I ask you to watch over us and support our health and happiness.

(2) I invoke your powers Archangel Metatron for guiding and blessing my child and pushing away all unwanted energy residue from his aura and clearing away any lower energies from his life and this space. Thank you for helping my child adjust to socialization at school, college, work and home or any professional institution.

(3) I invoke you Archangel Uriel to help my child focus on his education and his studies and receive all of the knowledge, wisdom and understanding that he needs. Thank you for illuminating his mind with information, ideas, insights and wonderful answers, explanations and solutions during writing, studying or taking a test or exam or any job interview. I thank you for the development of his intellectual pursuit.

(4) I invoke you Archangel Zadkiel, for helping my child remember and recall all the necessary information that he needs to know about the topic when he studies and prepares and writes his exams or any job interview. Thank you for helping him remember facts and figures, and all other necessary points and for being his Angel of Memory.

(5) Now I thank Archangel Raphael for healing my child and keeping him in the pink of health so he grows well. Finally, I thank Archangel Micheal for the overall protection of our family, home, vehicle, possessions, reputation and wealth and for clearing away all that which no longer serves us.

In the name of ALL THAT IS, we are now safe, secure, stable and healthy and wealthy in God's own way and as per Divine Plan.
