

I am now willing to go back in time and connect with the pure decent, honest, welcoming and empowering frequency, vibration, and consciousness of ----- . I connect to their higher self, and their guardian angels, and communicate as follows :

(1) Let us be willing to complete this transaction in a divine way. As we had agreed, I gave you / I took from you -----.

(2) Now that some energy blockage has changed our plans and desires and we are unable to move further or communicate, I request and pray to your guardian angels and your higher self to support you to release the payment or papers or ----- that I had given to you or taken from you, back to me or you so that we can close this deal harmoniously, lovingly, and completely in the year -----.

(3) I also pray for you, your well-being, health, wealth and success and send you blessings that you are able to decide with a clear mindset and open heart whenever you plan to deal in any kind of transaction in the near future.

(4) And you are able to get the desired result and benefit through the blessings and the grace of your guardian angels.

(5) I allow myself to live in peace and joy that you have done your part to put a closure to this and you yourself are living in peace, and joy now that all of this energy is balanced and healed between us.

(6) I AM so happy and grateful that Infinite Intelligence is guiding and directing both of us in all our ways. We are both blessed beyond measure.

Thank you.
