

I now invoke the Presence of God within you and surrounding you. I mean every word of what I am sending you as a transforming and transmuting healing energy and power grid now.

I now decree that God lives in you. God breathes and walks and talks in you. Your life is God's life. And God's peace fills your mind and heart. God's love saturates your soul. You are growing in wisdom, truth and beauty.

You are whole. You are strong. You are happy, joyous and free. You can do all things through the God-Power which is always within you.

God cares for you and loves you. God takes note of all your empowering and healthy desires and supports you to experience them fully.

You are surrounded by the sacred circle of God's eternal love. The whole armour of God enfolds you for protection and healing.

God is guiding you. His light shines within you. And you are being healed through the grace and benevolence of the Infinite Intelligence within you.

I am so happy and grateful that I am observing wonderful changes in you, your behaviour, your life and your growth. It is such a pleasure to see you appreciative and thankful of the God within you.
