

I now attract, receive and allow wonderful and beneficial companies to hire me and my services to our mutual satisfaction.

I release the anxiety and fear of receiving a new well paid job in my sector unto the infinite white healing light of the Universe.

The Divine Light is in its true place at all times and so is my job, career, growth, success, and promotion.

I now decree that my words go forth into Infinite Mind and it brings it to pass. It is so.

And all calls, emails and other communication like my job contract and appointment letter for me from these wonderful companies comes quickly, easily and effortlessly.

And this matter of me being employed fruitfully, gainfully and productively reaches its Divine conclusion.
